Picture the Difference and Frame Your Own Designs

With all the advantages of wood trim and none of the limitations, CertainTeed Fiber Cement Trim provides the superior strength and stability that maintain beauty and value over the long term.

Versatility

Machined square edges create the clean look and smooth finish of high-end construction. CertainTeed Fiber Cement Trim is ideally suited for a variety of exterior corners, windows, columns, doors and more, adding grace and elegance to any style of architecture.

Durability

CertainTeed Fiber Cement Trim withstands damage from impact and is termite resistant.

Workability

No special tools required on the jobsite. CertainTeed Fiber Cement Trim is easily cut with the same saws and installed with the same tools traditionally used for building with wood products.

Environmentally Friendly

CertainTeed Fiber Cement Trim is made from an amalgamation of non-aggressive materials that safeguard human health and the environment. Our manufacturing process employs principles of conservation that meet international environmental standards, such as ISO 14001.

Market-leading performance. Industry-leading warranty. And value-leading peace-of-mind.

CertainTeed Fiber Cement Trim
frames it all up perfectly.
